

Transformational Retreat

Todos Santos, Mexico

Pachamama Yoga Retreat & Boutique Hotel

November 7th-12th, 2022

When you think of Mexico, do you think of margaritas, mariachi bands and a suntan?

The way we do Mexico is through silent walks with our eyes on the horizon for migrating whales, sunrise yoga practices overlooking the mountains to the East and the ocean to the West, fresh squeezed juices hydrating us from all we are wringing out in our minds, hearts and bodies.

Join us in the desert of Todos Santos as we lean into the limbs of yoga which remind us that movement, meditation, sharing vulnerably and being fully ourselves is the nearest medicine that heals and repairs us.
